Blackboard Teaching Essentials (ITSC-BL-BTE)

Last Modified on 17/08/2026 7:53 pm HKT

This course provides a comprehensive introduction to navigating and using the Blackboard Ultra interface. You'll learn best practices for building content, creating assessments, and managing discussions within your course. Through five focused modules—Navigation, Course Development, Performance Tracking, Gradebook Functionality, and Communication—you will gain hands-on experience with the essential tools and features of the platform, enabling you to optimize your course delivery and engagement.

Upon completion of this course, participants will be able to:

- Navigate a Blackboard site using the Ultra experience.
- Explore key course tools and course building features.
- Adapt courses to the Blackboard platform.
- Copy course items from previous courses.
- Create new course items to develop your course.
- Set up gradebook.
- Utilize tools to create a learning community in Blackboard.
